

GOVERNMENT OF BERMUDA
Ministry of Public Works
Department of Works & Engineering

Fort Victoria Tank Rehabilitation

Addendum One

DATE: 19 February 2018

METHOD OF DELIVERY:

PROJECT NAME & NO.: File No.: 50/820/75

POSTED ON www.gov.bm/procurement-notice

This Addendum forms part of the RFP documents and will be subject to all of the conditions set out in the contract conditions. This Addendum One contains (two) pages.

Addendum One

This addendum provides clarifications and answers to the following questions submitted by a potential proponents;

1. Can I presume that the west tank is in the same condition as the east tank?

On the condition of the other half it is for the contractor to make his own assessment based on the information and site visit provided.

2. Can the Ministry make the AWWA standards described in Section 9980 item 3.8 A & B available?

The Ministry will make the referenced standards available for viewing by appointment only at its offices location below;

Ash Towers Offices

Tynes Bay Industrial Complex

32 Palmetto Road

Devonshire DV 05

3. Please confirm that water is available on site and will be provided at no cost by the owner.

Contractors are instructed to submit, with their proposal, an estimate of the water they need to satisfy the Water tightness test. This volume will be supplied and any additional water required will be at the cost to the contractor.

Addendum One

4. Has any consideration been made to protect the top of the tank?

Sealing the top of the Tank is not within the scope of work of this contract.

5. It is noted in the tender form (Item 7) that there is a sum for a 10 year Warranty, will this amount be held a bond? If so will it be paid out partially per year at 10% or will it be a lump sum at the end of the 10th year. Provided the liner performs as expected.

The contractor is to price any cost associated with maintaining a 10 year warranty which will be paid at the time of substantial completion.

6. Are geomembranes acceptable as the tank Liner?

The Contractors must submit as per the stated specification and scope of works. There is no mention of geomembranes within these specifications.

Proponents are requested to acknowledge receipt of this Addendum (One) by emailing
