**ADDENDUM 1**

Issued 23<sup>rd</sup> June 2025

Request for Proposals No.: **90-3-3-120**

Issued: **Friday June 13, 2025**

Submission Deadline: **Thursday July 3, 2025 03:00:00 PM Bermuda Local Time**

## PREAMBLE

This addendum is mainly for changes in the pricing, exclusion of the re-planting aspect of the project and clarifications to the deliverables as follows:

1. Breaking up the services and pricing of the project into 4 separate categories, with the 4<sup>th</sup> category being the re-planting excluded from the RFP.

The amended Annex B Pricing Form for the 4 Categories allows for pricing to be submitted separately and independently of the other categories for evaluation and selection. The 4 categories are:

- a. Category 1 – Main land area pest vegetation removal - from cliff edge and the South Road & from western to eastern boundary of the park.
  - b. Category 2 – Coastal/Cliff face pest vegetation removal - from cliff edge to beach and east of beach access.
  - c. Category 3 – Coastal/Cliff face vegetation removal – from cliff edge to beach and west of beach access.
  - d. Category 4 – Re-planting regime -       EXCLUDED AND THEREFORE NOT TO BE PRICED FOR
2. Size of pest vegetation removed to be chipped – 8 inches in diameter
  3. Other vegetation larger than 8 inches to be cut in small logs and appropriately gathered at locations on the site to be agreed with client
  4. Other undesirable materials or items to be gathered and removed from the site, with client offering assistance by providing heavy duty trash bags (where necessary), providing dumpsters for collection or providing dump fee waivers to contractor.
