The following are questions received;

Questions

1. The RFQ document list a scope of work under point 1.1 and further elaborates on this under Appendix D for deliverables. The deliverables do not make mention of the chain link fence, the electrical room, new foundations for light poles or the Guard house & Store room but they are shown on the drawings. Are we to include these items in our scope or not?
2. A few of the details make mention of "Supplied by COH" . an example of this is detail 3 on drawing D1.0 for the curb. Will these curbs be supplied by COH. Same as for the trench details . It says reinstate surface by COH. Is this an error?
3. Is any of the electrical installation works included in this RFQ or is it simply the excavation and installation of conduits and pipes?

Answers

1. It was elaborated at the site meeting that the respondents only need the price what is requested on the Pricing Form (Annex B). The scope of works and deliverables reflects the items on the Pricing Form.
2. 'Supplied by COH' in this case means that the COH supplies them for sale. The winning Respondent have to provide the curbs.
3. Again, just what is required from the Pricing Form.
